INDIVIDUAL INCOME TAX

Year Enacted: 1933
Statutory Citation: K.S.A. Chapter 79, Article 32

A Kansas resident is required to file an individual income tax return if:

- They are required to file a federal income tax return, or
- Their Kansas adjusted gross income is more than the total of their Kansas standard deduction and exemption allowance.

The Kansas income tax is imposed on the entire income of every resident individual. Nonresidents of Kansas are taxed on income derived from Kansas sources.

Kansas begins its individual income tax calculation with federal adjusted gross income. This connection to the federal tax code adopts many of the tax expenditures that exist at the federal level. Any special provisions allowed by the federal government that reduce adjusted gross income will flow through to the Kansas tax return, thereby resulting in lower Kansas tax collections. The majority of these special provisions at the federal level are not specifically enumerated in this report. This report will provide the cost of several addition/subtraction modifications to federal adjusted gross income. Kansas law allows a taxpayer to claim a standard deduction or itemized deductions and allows for a personal exemption deduction.

For process year 2011, tax year 2010, Kansas income tax was imposed as follows:

Schedule I-Married Filing Joint

If Kansas taxable income is:

Over	But Not Over	The Tax is:
\$0	\$30,000	3.50% of Kansas taxable income
\$30,000	\$60,000	\$1,050 + 6.25% of excess over \$30,000
\$60,000	--	\$2,925 + 6.45% of excess over \$60,000

Schedule II-Single, Head of Household, or Married Filing Separate

If Kansas taxable income is:

Over	But Not Over	The Tax is:
\$0	\$15,000	3.50% of Kansas taxable income
\$15,000	\$30,000	\$525 + 6.25% of excess over \$15,000
\$30,000	--	\$1,462.50 + 6.45% of excess over \$30,000

Modifications and deductions have been separately stated according to resident filers and nonresident filers. Nonresident filers of Kansas in many cases have a small percentage of income from Kansas sources. As a nonresident, a taxpayer must apply a nonresident percentage to come up with an actual Kansas tax liability. The tax expenditures presented for nonresident

filers apply this percentage in order to provide the reader with truer cost of expenditures associated with these filers.

FIDUCIARY INCOME TAX

The fiduciary of a resident estate or trust must file a Kansas fiduciary income tax return if the estate or trust had any taxable income and/or there is withholding tax due for the nonresident beneficiaries. The fiduciary of a nonresident estate must file a Kansas fiduciary income tax return if the estate or trust had taxable income or gain derived from Kansas source.

Kansas begins its fiduciary income tax calculation with federal taxable income and allows for several addition/subtraction modifications.

For process year 2011, tax year 2010, Kansas fiduciary income tax was imposed as follows:

If Kansas taxable income is:

Over	But Not Over	The Tax is:
\$0	\$15,000	3.50% of Kansas taxable income
\$15,000	\$30,000	\$525 + 6.25% of excess over \$15,000
\$30,000	--	\$1,462.50 + 6.45% of excess over \$30,000

CORPORATE INCOME TAX

Year Enacted: 1933
Statutory Citation: K.S.A. Chapter 79, Article 32

All corporations doing business within or deriving income from sources within Kansas that are required to file a federal income tax return, shall also be required to file a Kansas corporate income tax return

Kansas begins its corporate income tax calculation with federal taxable income. This connection to the federal tax code adopts many of the tax expenditures that exist at the federal level. Any special provisions allowed by the federal government that reduce taxable income will flow through to the Kansas tax return, thereby resulting in lower Kansas tax collections. The majority of these special provisions at the federal level are not specifically enumerated in this report. This report will provide the cost of several addition/subtraction modifications to federal taxable income. Kansas law allows certain deductions in arriving at Kansas taxable income.

Corporations not based in Kansas in many cases have a small percentage of income from Kansas sources and use a three factor formula of payroll, sales and property to determine the amount of income apportioned to Kansas. The tax expenditures presented for corporations not based in Kansas have had the apportionment percentage applied in order to provide the reader with truer cost of expenditures associated with these filers.

For process year 2011, tax year 2010, the normal tax for Kansas corporate income tax is imposed at the rate of 4% and a surtax at the rate of 3.05% is imposed on those corporations where the Kansas taxable income is in excess of \$50,000. In tax year 2011, and all tax years thereafter, the surtax decreases to 3.0%.

PRIVILEGE TAX

Year Enacted: 1963
Statutory Citation: K.S.A. Chapter 79, Article 11

Every national banking association, bank, trust company, federally chartered savings bank, and savings and loan association located or doing business within the state shall be required to file a privilege tax return and pay a tax according to or measured by its net income for the next preceding taxable year.

Kansas begins its privilege tax calculation with federal taxable income. This connection to the federal tax code adopts many of the tax expenditures that exist at the federal level. Any special provisions allowed by the federal government that reduce taxable income will flow through to the Kansas tax return, thereby resulting in lower Kansas tax collections. The majority of these special provisions at the federal level are not specifically enumerated in this report. This report will provide the cost of several addition/subtraction modifications to federal taxable income. Kansas law allows certain deductions in arriving at Kansas taxable income.

For process year 2011, tax year 2010, a tax consisting of a normal tax and a surtax shall be imposed for privilege tax filers. The normal tax shall be an amount equal to 2.25% of Kansas taxable income and a surtax in an amount equal to 2.125% of Kansas taxable income that is in excess of \$25,000 for banks and 2.25% of Kansas taxable income that is in excess of \$25,000 for savings & loans and trust companies.
